ATTENTION MARY SIMON!!!

Do I need to tell You how disgraceful You are? You are NOT going to respond to accusations of fraud, treason, and aiding and abetting the treasonous Acts of the Trudeau government? I honestly was not thing King any One could ever disgrace the position of governor general more than the dis-Honourable Julie Payette, but Your degree of incompetence has succeeded in proving Me wrong.

You should be held criminally liable for every individual who suffers any kind of harm great or small from these mandated vaccines that are absolutely illegal and unlawful, and taking place under Your watch. You are the highest authority in Canada's government and You are allowing these treasonous, injurious and potentially lethal acts of government to continue when You alone have the power to stop it. YOU are currently Canada's greatest enemy for breaching the Trust Canada's People have placed in You to ensure the protection of their inherent (God Given) rights.

You Will be remembered forever for Your treasonous Acts, I am painting a portrait in Your Honour as a present to Her Majesty. I'm sure she Will be very disappointed in You for tarnishing Her Honour and breaking Her Promise to Canada's People.

Love and Blessings, traitor,  
King Sean, House von Dehn,  
Hand of Stephen,  
Kingdom of God
