VIA EMAIL: gnosticwisdom37@gmail.com

Dear Sir,

I have been advised that a recording of the motion held on November 3, 2022 has been posted by you on the internet.

Prior to the motions proceeding on November 3rd, a warning was read out by the court's registrar confirming that recording the proceeding or broadcasting it publicly was strictly prohibited. You were present during that warning. I am presuming that you did not hear that warning or that you are unaware of its importance.

The recording of the hearing must be removed from the internet immediately. Failing to do so could result in a finding of contempt against you or a report to the Ottawa Police.

Please confirm to court administration and opposing counsel that the recording has been removed.

Yours truly,

Electronic Signature

Justice Jaye Hooper
