To whom it may concern,

I am tired of every One I contact presuming they have no duty or obligation to respond to Notices of Trespasses upon the inherent rights of Canada's People in violation of Canada's Charter and International, (legally and lawfully) binding Treaty obligations (particularly the U.N. Covenant on Civil and Political Rights ratified by Canada in 1976).

Every One I contact says they are not responsible or liable for the Willful harm being done to Me in violation of My inherent rights perpetrated by agents of the public Trust in various capacities.

I am simply going to forward My correspondences to You regarding this Matter, and **Trust** that You Will stop giving Me the run around and find someone within Canada's government competent enough to put a stop to the harm being done to Me so that I Will not be compelled to pursue legal action as a last recourse for relief and remedy for the unbearable harm being done to Me which has been ongoing for several years.

I Wish for My share of the Public Trust to be repaid so that I may freely dispose of My natural wealth without prejudice to Canadian (financial) obligations.

Attached please find the notices served upon member of parliament, Merrilee Fullerton, Minister of Children, Community and Social Services, who claims to have NO obligation to remedy parts of the Act that trespass upon Canada's Charter and Treaty obligations (which I personally feel to be an abdication of Oath or a testament of gross incompetence in her Ministerial duties to Canada's People).

Thank You, have a wonderful day and please respond to this email as soon as humanly possible.

Hand of Stephen,
The Kingdom of Heaven Found a Sean
