Dear Merrilee Fullerton,

I've been Writing Your office regarding serious harm being done to Beneficiaries of the Public Trust subject to the Ontario Works Act for their most basic subsistence.

["In no case may a People be deprived of its own means of subsistence."](#)

I was just hoping to have a chat with You, I figured a simple phone call from Your office to these criminals weaponizing the Ontario Works Act as to demoralize and exploit the Beneficiaries they were trusted to care for under threat of continuous economic exploitation, while the very same People responsible for these crimes pay themselves a handsome wage worthy of human dignity for trespassing upon the People they were Trusted to provide for.

I can only presume that You, Merrilee Fullerton, support the Ontario Works Act with (criminal) intent, and support the notion that the Act was Created to ingratiate and expand government positions and handsome wages for state actors at the expense of Canada's People, and with deliberate intent to exploit them under threat of economic harm. Clearly, Canada doesn't Honour the Principles of Law they swore to protect by ratifying the U.N. Covenant on Civil and Political Rights, they believe they may use an individual's need for subsistence as a means of blackmailing and exploiting the Beneficiaries they were Trusted to care for.

I can't be thing King of one other reason You would fail to respond to any emails or phone calls regarding this Matter, Your office appears to be dodging My calls. That appears criminal, too - especially considering that as a 'State Actor', You have a legal and lawful obligation to respond when You are informed of harm being done to Canada's People as a result of Your Ministry on Your watch.

You hereby accept all civil, criminal, and commercial liability for the harm done to all People in the province of Ontario, harmed by the Ontario Works Act and any part of that Act that trespasses upon the inherent rights of Canada's People the Act was allegedly legislated to ensure the protection of.

You are hereby Given Notice of Breach of Public Trust with Criminal Intent - You know People are being harmed by Your negligence, and yet You do nothing - not even the courtesy of a reply?

This Will be published on the International Public Record, and Your portrait (with devil horns) Will be added to the Kingdom of Heaven's 'He-Art Exhibit Sean', a Tribute to Canada's State Actors, and their legal and lawful obligations in a Constitutional Democratic Monarchy.

You Will have until Friday to provide Your excuse for failing to respond to these very serious Issues. My numerous attempts to reach Your office that have categorically ignored are attached. Ignorance is no excuse for the Rule of Law.

You are hereby legally and lawfully served.
