To whom it may concern,

The deadline for filing My appeal on behalf of Sean Stephen von Dehn and Colleen Lynch is May 5th, 2023. I do not have access to a fax machine or printer except the local library, and I Will not have the financial means to use those resources until at least May 1st. I do not Wish to miss the deadline for filing, so I am hoping to fax those documents as soon after May 1st as possible, and Will also send hardcopy documents via regular mail (Canada Post).

I believe I have most of the required documents prepared with the exception of the hardcopy result of the internal review, though the initial email of the decision is included.

Are You able to receive these documents by Way of this email, and if not, can You please confirm that all required documents are included here so that I can send them off as soon as I am able?

Obviously, I am not able to Sign the documents until I am able to have them printed.

Thank You kindly,  
King Sean, House von Dehn,  
Hand of Stephen,  
The Kingdom of Heaven Found a Sean  
for the Benefit of Sean Stephen von Dehn and Colleen Lynch
